RE: TIA Mini-MT (Mini-MPO) Standard

Dear Sir:

This letter is being provided to you in connection with the participation of AMP Incorporated ("AMP") in the ongoing development of the Telecommunications Industry Association's "Mini-MT" ("Mini-MPO") standard.

AMP hereby states that it is not aware of any invention owned or controlled by AMP or by AMP's Affiliates that would be necessary to implement the above standard in the form that we currently understand it. However, since this standard has not been fully developed or finally implemented, we also believe that it is not possible to make a final determination of whether AMP or its affiliates hold any such invention until such time as the final standard is developed, voted upon and implemented.

Thank you for your cooperation. AMP looks forward to continuing to work with TIA and its members to develop and implement the above standard.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Robert G. Leggett".

Robert G. Leggett
